- Figma
- Adobe Creative Suite (3 years)

PROJECTS

Project 1   Portfolio piece, *Scuba website*

· For this project I designed the UX and implemented all the code. jQuery HTML, and CSS were used for the front end. Also added basic Schema SEO. https://scubadiving.netlify.app/

Project 2   Portfolio piece, *Bootstrap Dentist mockup*

My personal goal was to create a minimalist design and convey basic information for a small business and demonstrate my use of the Bootstrap framework.

Project 3   Portfolio piece, *Job Postings*

Designed and implemented a simple API caller. The site was made in React.
